As the Registrar of the university, I assure you that the experience of learning, at this Centre for Distance and Online Education will be helpful in enriching your knowledge and career.

Prof. L. Ganesan
Registrar (i/c)

Director's Message

As it was rightly said by legendary Tamil Poet Thiruvalluvar, learning is the true imperishable riches; all other things are not riches. Education is a valuable instrument which can eradicate poverty and eliminate many of the problems faced by humanity today. The world is reeling under poverty not because there are no enough resources. It is because the resources, particularly knowledge did not reach the needy. Education through distance mode makes it possible to reach the unreachable. The influence of the information and communication technologies (ICTs) in Open and Distance Learning (ODL) in a developing country like ours is tremendous.

I am privileged to be the Director in-charge of the Centre for Distance and Online Education (CDOE), an integral part of the Bharathidasan University, which functions with the great purpose of taking motto Quality Education for All. We at CDOE work for the noble cause of providing educational opportunities to all kinds of people. The CDOE offers an extensive range of undergraduate and postgraduate programs in Arts, Science, Humanities, Management, Technology, Visual Media and Education (B.Ed.). We have recently introduced several Science based programs at undergraduate level. Bharathidasan University was the first among Indian Universities to introduce the Master of Computer Applications (MCA) program through distance mode. And equally popular is our Master of Business Administration (MBA) program which created many executives all over the INDIA. Our distance education programs have high credibility in India and abroad. Several of our students are well placed in reputed concerns both in India and abroad.

At this juncture I congratulate all the aspirants who have already succeeded in transforming their lives through distance learning and invite more aspirants who have the quest for knowledge and success to build up a promising future by connecting them with the CDOE of BDU. While extending my warm welcome to all the students I wish to assure you that learning at CDOE will be a rewarding experience to all the students.

Prof. A. Palanisamy
DIRECTOR (i/c)

The Centre for Distance and Online Education (CDOE) of Bharathidasan University (BDU) was established in the year 1992 to serve the students who could not enter the regular colleges for higher education. As the educational Programs offered and the degrees awarded through distance mode are qualitatively good and there is a demand for the Programs offered by the CDOE of Bharathidasan University.

- The Centre for Distance and Online Education offers 39 Programs including 20 Undergraduate, 19 Postgraduate Programs.
- Besides the conventional courses, the Centre for Distance and Online Education is offering Programs in Computer Science and Applications, Information Technology, Bank Management, Financial Management, Library and Information Science, etc. The laboratory oriented Programs are meticulously planned and executed with the same vigor as regular Programs, without compromising the practical requirements.
- The Centre for Distance and Online Education conducts theory and practical classes on Saturdays and Sundays. The conduct of the Programs is strictly monitored by the staff of the Centre for Distance and Online Education and the Director through regular visits to the Personal Contact Program (PCP) centres and LSC's.
- The Distance Education Programs are administered through University PCP Centres and Learner Support Centres.

Special Features

Bharathidasan University has been very successful in imparting quality education through distance mode because of strict adherence to the following;
