INTRODUCTION TO EDUCATION

EDUCATION DEFINITION

Aristotle

Education is the process of training man to fulfill his aim by exercising all the faculties to the fullest extent as a member of society.

M.J. Langeveld

Education is every interaction that happens in every association that occurs between adults with children in a field or a state where the educational work in progress.

INTRODUCTION

Teacher education or teacher training refers to the policies, procedures, and provision designed to equip (prospective) teachers with the knowledge, attitudes, behaviors, and skills they require to perform their tasks effectively in the classroom, school, and wider community. The professionals who engage in this activity are called teacher educators (or, in some contexts, teacher trainers).

TEACHER EDUCATION-MEANING

According to Goods Dictionary of Education, “Teacher education means, —all the formal and non-formal activities and experiences that help to qualify a person to assume responsibilities of a member of the educational profession or to discharge his responsibilities more effectively.”

EDUCATION DEFINITION

Aristotle
Education is the process of training man to fully realize his potential by developing all his faculties to the fullest extent as a member of society.

M.J. Langeveld
