BHARATHIDASAN UNIVERSITY

(Accredited with A+ Grade by NAAC
in the Third Cycle)

ONE DAY NATIONAL WORKSHOP

ON

**ARTIFICIAL INTELLIGENCE (AI) TOOLS FOR
CONTENT CREATION, CUSTOMIZATION
AND DELIVERY IN DISTANCE EDUCATION**

15th MARCH 2024 (Rescheduled)

Department of Education
Centre for Distance and Online Education
Bharathidasan University
Tiruchirappalli- 620 024
Tamil Nadu, India.

Bharathidasan University

Bharathidasan University established in February 1982, and was named after the great revolutionary Tamil Poet **BHARATHIDASAN** (1891-1964). The motto of the University **"We will create a brave new world"** has been framed from Bharathidasan's poetic words **"புதியதோர் உலகம் ஓய்வோம்"**. The University has totally 4 Faculties, 16 Schools, 39 Departments and 29 Specialized Research Centers. NAAC has accredited Bharathidasan University with an "A+ Status during the third cycle. the affiliating jurisdiction is over eight districts with 147 arts, Science and Fine Arts Colleges and 11 approved institutions. 24 college are affiliated as autonomous institutions in different disciplines of higher education and research. The University endeavors to be true to such a vision by creating in the region a brave new world of academic innovation for social change

Centre for Distance and online Education

The Centre for Distance Education and Online Education (CDOE) of Bharathidasan University was established in the year 1992 to serve the students who could not enter the regular colleges for higher education. As the Educational Programmes offered and the degrees awarded through distance mode are on par with the regular mode, qualitatively there is a demand for the Programmes offered by the CDOE of Bharathidasan University. The Centre for Distance Education and Online Education offers around 60 programmes including 12 UG, 21 PG, 06 Diploma / Certificate Programmes and 7 Professional Programmes in select disciplines including MCA and MBA Programmes. Besides the conventional courses, the Centre for Distance and Online Education (CDOE) is offering programmes in Computer Science and Applications, Information Technology, E-Commerce, Bank Management, Financial Management, Library and Information Science, Animation etc. The laboratory oriented programmes are meticulously planned and executed with the same vigor as regular programmes, without compromising the practical requirements.

Department of Education

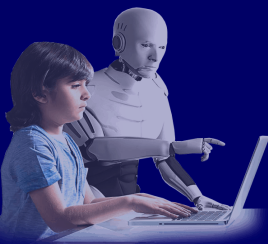

The Department of Education established in the year 2006 with full-fledged faculty exclusively to offer B.Ed Programme through distance mode. From 2006 to till date the Department of Education is functioning in a very successful way with full fledged faculty members as per NCTE new regulations. The Department of Education is also a university recognized research center pursuing Ph.D., Programme in regular and Part-time and major and minor projects with central, state and voluntary funding agencies.

Theme of the Workshop

Artificial Intelligence is a technology that involves the development of algorithms and systems that can perform tasks that typically require human intelligence, such as perception, reasoning, learning, and decision-making. In recent years, AI has been increasingly used primary level to higher education to enhance teaching and learning experiences

Artificial intelligence is one such technology that has the potential to transform Education system. AI powered tools can be used to provide customized learning experiences for students based on their individual needs, strengths, and weaknesses. AI can also be used to automate routine tasks, such as grading assignments and assessing student progress. This can save teachers a significant amount of time and allow them to focus on other aspects of teaching, such as providing feedback and support to students.

Teachers and administrators must also be trained to use these tools effectively and to integrate them into their teaching practices in a way that enhances, rather than replaces, human interaction and engagement.

Objectives of the Workshop

- The following are the objectives of the national workshop:
- * To create awareness on AI tools on Content Creation, Customization and Delivery in Distance Education.
 - * To understand the present available Artificial Intelligence Tools on Content Creation and Customization and Delivery in Distance Education
 - * To provide hands on experience in the area of content creations, customization and delivery in distance education with application of Artificial Intelligence.
 - * To prepare educators, teachers, research scholars and Distance Education administrators to make use of Artificial Intelligence tools for their academic activities.

Participants

Teachers who are working at Distance Education and Higher Education, Teacher Educators, Research scholars, PG Students and Co-coordinators of the Learner Support Centers are invited to take part in this workshop.

Date & Venue

15th March 2024 @ University Informatics Centre (UIC), Bharathidasan University, Tiruchirappalli, Tamil Nadu.

Registration

The delegates are required to register on or before 5.00 pm of 13th Mar 2024. The Registration Fee is Rs. 500/- to each participant. The participants will be provided with Certificate, Workshop kit, Refreshments, working lunch on the day of the workshop.
