## ABOUT THE UNIVERSITY

Bharathidasan University established in February 1982 and renamed after the great revolutionary Tamil Poet, Bharathidasan (1891-1964). The motto of the University "We will create a brave new World", has been framed from Bharathidasan's poetic words "புதியதோர் உலகம் செய்வோம்". The University has totally 4 Faculties, 16 Schools, 37 Departments and 29 Specialized Research Centres. There are 263 faculty members catering to 2564 students and scholars in the University. The University Departments/ Schools are offering 151 programmes including 40 PG programmes in M.A., M.Sc., and M.Tech. The above programmes are conducted under the Choice Based Credit System (CBCS) in Semesters: 31 M.Phil., 33 Ph.D., 19 PG Diploma, 11 Diploma and 10 Certificates. In addition to the regular teaching programmes in the Departments and Schools, the University under its Distance Education mode is conducting 20 UG and 19 PG programmes.

## ABOUT THE SEMINAR

This National Seminar on "Technology Enabled Learning" is rooted in a strong rationale that aligns with the goals and needs of contemporary distance and online education. Technology is fundamentally reshaping the landscape of education globally. This seminar addresses the transformative impact of technology on distance and online education. It invites educators, researchers, and industry professionals to explore the integration of technology in distance and online learning. Acknowledging both challenges and opportunities, the seminar focuses on current practices while anticipating future developments.

It implies that technology is both an enabler and a disruptor, which makes it important to address its impact on teaching and learning. The seminar leaves room for discussing emerging technologies, innovations, and new methodologies in education. It signals that the seminar will address not only current practices but also future possibilities. Aligned with UGC 2020 regulations, it emphasizes the advancement of non-formal education in India through online programs. The title use of "Enabled" signifies a forward-looking perspective, capturing the ongoing evolution of technology in distance and online education. The seminar encompasses diverse technologies, including e-learning, blended learning, online courses and learning management systems, ensuring a comprehensive discussion on technology-enhanced learning in distance and online education.
